

SEATLESS COMFORT AT BAND CONCERT

Bandmaster Berger reports that a great audience assembled at the Palama railway station last night, but had to stand as there were no seats. This Saturday afternoon the band will play at the Manoa Golf links, where plenty of seats will be provided.

The Sunday afternoon concert will take place at the Capitol grounds, where the bandmaster says there are no seats but plenty of curbstones and an abundance of beautiful grass, for sitting or lying upon respectively.

Monday afternoon the band will play at the opening of the new Odd Fellows' building, and Tuesday give steamers a sendoff if they come.

DEATH OF A KAMAAINA

After months of pain and suffering, borne with the stoicism and the endurance of a martyr, death came Friday morning to John Bevan Hopkins, who for more than twenty-seven years has been a resident of these Islands. Few men had a larger knowledge of chemistry than he. He was an educated gentleman and was the son of the late Rev. William Hopkins and Janet Parry Hopkins and was born at Tre Tower Court, Breconshire, Wales. He at one time faithfully occupied a prominent position in the Queen's Hospital, and later filled an important position at Ookala. He died at his residence on Vineyard street in this city yesterday morning. Funeral services and a requiem mass will be held today at 10 o'clock at the Roman Catholic Cathedral and he will be laid to rest in the Pearl City cemetery. Many sorrowing friends mourn his departure and know he rests in peace and free from pain. His widow and two brothers, E. B. Hopkins and C. Parry Hopkins survive him.

"Brightest sun from out the sky
Bring the wrinkles round your eye."

"The wrinkles which thy glass will truly show"—as Shakespeare puts it, are often quickly removed by the timely use of proper eye-glasses.

The cosmetic value of right glasses is sometimes truly miraculous, removing tell-tale crow's-feet and causing drooped eye-lids to resume normal positions.

Cosmetic value of good lenses must be supplemented by perfectly fitting frames, accurately adjusted to size and contour of face.
